Six Times Around the World.

N. W. Flagis, of Tipton, is probably the most traveled Missourian living. He has gone around the world cix times and has journeyed altogether more than 500,000 miles. Although Mr. Flagis' home is at Tipton, he is seldom there. He is general agent for Crowley & Sens, of England, the tasgest needle manufacturers in the world, and they send him everywhere. He stopped at Tipton and Brookfield a few days ago on his way to Russia. He has been in every civilized country on the globe, and in many that are not civilized. Not long since he was In Servia, and a wealthy merchant who bought goods from him presented him to King Alexander and Queen Draga, who were recently assassinated. Crowley & Sons make 1,900,000,000 needles a day, it is said. Mr. Flagis has been with them almost continuously for 55 years, having served his apprenticeship with them before he began to travel.

Hasty Marriage Offended Judge. Judge Shelton announced at Macon that no further divorce decrees would be entered until the last day of circuit court. The reason for the rule was that Mrs. Eveline Morris, who had been granted a divorce from William Morris on the ground of desertion, was married 15 minutes later to J. E. Grove It was Mrs. Morris' third matrimonial venture and she said that while she had no intention of offending the court she could not for the life of her see any end that could be gained by waiting several days to remarry.

Wedding Was Postponed. The wedding of Arthur Sims and Miss Edna Kespohl, of Hannibal, which had been act for Wednesday evening, has been indefinitely postponed owing to the absence of the prospective groom. Sims disappeared from the city on the day of the wedding. The position of the girl was embarrassing in the extreme, as many of the invited guests had sent presents. The girl's parents, however, had opposed the match from the start and they looked upon the circumstance rather philosophically.

In his speech before the confederate veterans' reunion at Columbia Senator Stone confined himself to a discussion of the causes and effects of the civil "The confederate soldier did not commit treason," said Senator Stone. "He fought with the courage of his convictions, and lagainst overwhelming forces. In many states the race question is still dominant and the peril of the question is growing. It will some day be decided, but I don't know how, nor will I discuss it.'

Timidity Drove Her Away. Miss Mamie Tevault, the young daughter of W. S. Tevault, of Montier, caused the arrest of Tom Jones, a barber of Birch Tree, charging him with attempted assault while she was going home from Birch Tree, where she attended school. The preliminary trial of Jones was set for Monday, but Miss Tevault dreaded to publicly testify in the case and unknown to her parents she secured a horse from her father's barn and rode away.

Prospered Along All Lines. The annual report of the state sec retary to the Missouri Christian Church Missionary convention, held at Columbia last week, showed that 30 churches have been organized the past year; 23 Bible schools have been established in Missouri; 1,137 converts have been baptized; 300 people have joined the Christian church by letter and 580 have joined in person. The total number of additions is 2,007. In the field \$14,123 was raised on salary, \$1,542 on missions, \$36,078 on church building and \$10,271 for other purposes, making something over \$61,425. The Christian church has prospered along all lines, and the last year has undoubtedly been the most successful in its history. 'The state secretary alone dedicated 15 new churches valued in all at \$22,000, raised \$6,680 for state work, \$12,160 for church building, \$700 for other missions and \$3,500 for other purposes, making a total of \$22,440. With the exception of a slight deviation to Jamesport, which is near Gallatin and on the line now, the new line will be almost straight and will shorten the distance between Trenton and Kansas City about 25 miles. From Jamesport the line goes to the Wabash and crosses at Carlow going due south. The line crosses the Hannibal & St. Joseph at Hamilton, the Santa Fe at Converse, and will run almost parallel with the Milwaukee, using the latter's bridge at Kansas City.

NO DIVORCE FOR EITHER.

Circuit Judge Shelton at Macon Advised ranged Young Couple to "Kiss and Make Up."

Macon, Mo., Sept. 29.-After listening patiently for two days to the tale of woe as narrated by a young couple seeking a divorce, Judge Shelton refused to grant their bills and advised them to kiss and make up. Edith Blanche Spicer and John Spicer were married Christmas day, 1900; and lived together 11 months, when A. S. Rose, the wife's father, came for her and took her home, Mrs. Spicer com-plained that her husband made her carry in the wood for the cooking and heating stoves, that he called her "Manda," after an old negro woman of the town, and that he was not kind to her when her baby was born. The evidence showed that Spicer was a plain farmer, of modest means, trying to get a start in the world, and had no idea that he was putting too great a burden on his young wife's shoul-

In his finding Judge Shelton said: "The defendant says after his wife's removal to the home of her father he was forbidden to come on the place. Father-in-law or not, if it had been my wife, I would have seen her if I had to use my fists on the old man to do it. But aside from all that, there is no evidence that Spicer had ever used an unkind word toward his wife, and I see no reason why they should not get along well together. The bill and cross bill will be dismissed with the view of giving these young people a chance to talk the matter over and seeing if they can agree to try it again. They ought to do it for the sake of their child, if nothing else."

Held in St. Louis.

St. Louis, Sept. 30.-Plans for the complete union of the Cumberland Presbyterian church and the Presbyterian church, sometimes known as the Northern Presbyterian church, may bd evolved this week at meetings and conferences of the committees of the

two bodies, now in session in this city. The revision of the confession of faith of the Presbyterian church at the general assembly, held last summer at Los Angeles, Cal., at which the doctrines of predestination, foreordination and infant damnation, which caused the separation of the two bodies in 1810, were modified, has opened the way for conferences. If the Cumberland Presbyterian and Presbyterian churches can be united, it is thought that other branches may join the union, and, instead of being separated into seven bodies, the whole church will stand with an unbroken front.

"I Found It So."

McCormick, Ill., Sept. 28th.—Miss Ethel Bradshaw, of this place, has written a letter which is remarkable for the character of the statements it contains. As her letter will be read with interest, and probably with profit by many women, it has been thought advisable to publish it in part. Among other things Miss Bradshaw says:—

"I had Kidney Trouble with the various unpleasant symptoms which always come with that disease, and I have found a cure. I would strongly advise all who may be suffering with any form of Kidney Complaint to use Dodd's Kidney Pills, a remedy which Lhave found to be entirely satisfactory.

"This remedy is within the reach of all and is all that it is recommended to be. I found it so, and I therefore feel it my duty to tell others about it."

Dr. Dunaway, of Benton, Ill., uses Dodd's Kidney Pills in his regular practice, and says they are the best medicine for Kidney Troubles. He claims they will cure Diabetes in the last stages.
